Weddings + Couples | 2025

This is just the beginning...

You did it! You found each other, and now we get to celebrate and story-tell the first chapter of your forever-adventure.

Weddings are made to be celebrated with anticipation, the smell of flowers, the merging of families, the dresses, the party and the uniqueness that you will bring to your day to make it yours. My privilege is being able to capture that.

Weddings tell the wonderful story of you. And being able to look back at the beginning, through the record of photographs is pretty important. I know I look back at my own wedding photos and get to relive everything I loved about the day. From the formal family shots to the natural moments that I sometimes forget even happened.

Wedding photography packages can cover the whole day, from getting ready, right through to the final dance - or you can mix things up and make sure the bits that are important to you are recorded forever. Have a look through the package options on the next page to see what suits your day. Or we can sit down and chat about what you need if you think it's not covered.

Celebrating who you are as a couple can be so beautiful - and so multi dimensional. If you met in an elevator; lets take that elevator to the top of a building and create urban sunset images. If your favourite thing to do is scooter around your city, lets add that in! Or if beaches, fields and sunsets are your fave, they will equally make for timeless images.

If you're booking an engagement session alongside a wedding package, it's a great way to prepare for your wedding. We get to talk about what makes a great image on your wedding day, you get some engagement images to share and it also lets us work together (+ get to know one another) before your big day.

I encourage couples to shoot during golden hour, 90 mins prior to sunset. Nothing beats images with beautiful evening light!

FAQ's

HOW DO WE BOOK AND RESERVE OUR DATE?
Once you are happy with a wedding day package (or we have discussed an alternative option) I require you to complete a booking form and deposit a booking fee. The completion of both will secure your date. The booking fee is non-refundable, but you may transfer it to another date, if available.
(I apologise, Saturdays are unavailable for date transfers.)

HOW WOULD YOU DESCRIBE YOUR WEDDING STYLE?
For a majority of your day, I take a very documentary, photojournalistic approach to telling your story. I will be ready to capture genuine candid moments between family and friends as they unfold. When there are times of your day that require direction (i.e group photos) I am happy to lead in this area when guests need encouragement. During your portraits, I am there to help you feel comfortable and to capture the essence of your relationship, and have a lot of fun in the process. Natural photos are what I strive for, as I capture and tell the story of your day.

WHEN WILL WE RECEIVE OUR PHOTOGRAPHS?
You will receive all of your fully edited high resolution print ready digital images approximately 6-10 weeks after your wedding day. You will receive a small gallery of preview images emailed to you within the first 2 weeks. I always strive to deliver your wedding day photos sooner if possible.

CAN WE MEET WITH YOU BEFORE A WEDDING BOOKING?
Definitely. I always love to catch up in person, Facetime or a phonecall is possible too if time and distance makes this difficult. We would also meet up prior to the wedding (hopefully over coffee!) should a booking be made to go over the schedule and the uniqueness of your day.

ARE ALBUMS AVAILABLE?
Yes of course! Albums are available on request. Prices vary depending on brand and pagination.
